## International Early Learning Schools - Meraki Perspective

An Early Learning School offering holistic education intertwined with life skills in a fun filled and stress free eco- friendly environment to budding minds - MERAKI is borne from this dream of our visionary founders.

The Inquiry based exploratory curriculum crafted by passionate student mentors is an excitement to every little tots at MERAKI Schools. Built up on emotional intelligence and social skills as pillars, our pedagogy brings out innate talents in every child - that's what education is all about and that's what every parent dreams.

Meraki Student Mentors are well trained on scientific curriculum implementation through experiential learning and assessments by discrete observations. Every faculty undergoes 100 hours of compulsory training on Meraki's educational philosophy before joining and thereafter 100 hours every three months in each academic year.

Meraki envisions to emerge as global leader in Early Childhood Education by 2022 by imparting holistic talent exploration pedagogy with human value system through network of affiliated branded Early Learning Schools and Preschool Advisory Programmes. Meraki is launching in Asia Pacific region with it's Corporate Headquarter in Kochi, India.

In addition to grant of Affiliation to partnerschools ,being a single stop solution for early childhood schooling, Meraki offers tailor made advisory programmes for growth transformation to schools through it's certified passionate educators holding decade's of global experience in this sector.

A global training academy for training and certification of early learning schools is on the anvil by the year 2021.

## Meraki - Educational Philosophy

Meraki Schools follows custom made pedagogy - aligned to Early Childhood Care & Education Curriculum Frame work (Govt. of India), blended with contemporary global academic practices of early childhood education in Finland, UK, USA and Switzerland.

This unique holistic early learning schooling system **"Edu Meraki Integrated Elementary Schooling Programme"** is accentuated with enormous talent nourishment programmes, stress free assessments, inquiry based child centric teaching-learning practises integrated with behavioural science, project linked field explorations, differentiated teaching – learning practices and blended with human value systems.

### CATEGORIES OF AFFILIATION

## Curriculum Frame Work Edu Meraki Integrated Elementary Schooling Programme

## Affiliate Schools

Affiliate Schools are those schools accredited to Meraki International following Meraki curriculum, brand name and complete quality standards in academics – administration - parent relations and skill development.

The Schools have aesthetically designed kids friendly learning spaces, trained faculties, standardized procedures for administration and academics.

Meraki Affiliated Schools epitomise best of the hospitality, value systems and scholastics standards in the world.

## How to become a Meraki Affiliate School ???

Meraki Schools undergo a series of processes prior to accreditation. Only those full filling affiliation norms shall be granted affiliation after scrutiny and validation of quality compliances at the schools. Regular quality audits are done by Meraki Educational Inspectors.
